DEF-MDL-14337.00001

DEF-MDL-14337

Changes from Previous Year:

1. In SFY 2022, Ohio MHAS is encouraging Boards to utilize our Secured Server accessible through the Web. We are streamlining multiple processes and we believe this will eliminate some issues that we experienced from prior years when the submission process was handled through email. You will be able to see your submission and ensure that it has made it to the proper personnel at OhioMHAS.
2. Form MHAS-FIS-040 should be aligned with the OhioMHAS Allocation Guideline Attachment 1 document. We have maintained some column titles from the “Other” allocation spreadsheets (not shown in the Attachment 1) in case a Board has unexpended funds that needs to be reported.

FIS-040 Template Submission:

- Form MHAS-FIS-040 actuals for SFY 2021 is due **Monday, 01/31/2022**
- Upload completed actuals at: <https://sftp.mha.ohio.gov/>
- Or email to: MH-SOT-brdreports@mha.ohio.gov

Purpose of Report:

The purpose of the report is to provide a standard format for the ADAMHS/CMH/ADA Boards to report financial activity for each funding source by contracted service type along with Board administration. The financial information should reflect all activities for which MHAS funds and Local funds were applied. If the Board received funds from other funders (i.e. Federal grants, insurance, or miscellaneous other sources) those revenues and expenses should be entered in total at the bottom of the form under the heading “Non-MHA Revenue” and “Non-MHA Expenditures.” For example, if the Board receives a grant from the Federal Housing and Urban Development Department, this is not funded by or through MHAS or County revenues. Therefore, it would be entered under the “Non-MHA Revenue” and “Non-MHA Expenditures.” Likewise, if a Board is receiving funding from another state agency or other governmental entities (i.e. Rehabilitation Services Commission, Courts [including IDAT funding], or other revenue sources) then this should be reported in the “Non-MHA” rows at the bottom of the form. Any specific questions related to grants or special awards should be directed to the Office of Financial Management. This form is not capable of capturing, nor is it intended to capture the entire business of the mental health and addiction service system, at this time. It is intended to capture all MHAS fund sources, as well as Local funds (mostly related to levy) for producing reports to various audiences.

After a thorough review of each submission, the department compiles the submitted reports into one comprehensive analysis to produce several various specific reports for different audiences and purposes throughout the year and across state fiscal years. Some examples include: the Department’s Annual Report, which is provided to the Governor’s Administration and published for public distribution, SAMHSA Block Grant application and expenditure reporting (which requires local funding for prevention, treatment, 24-hour care, non-24 hour care, evidence-based practice research, and Administration) various other Federal reporting, various special reports for the director, Governor, Legislature, and OBM. This is the department’s single source of information

OhioMHAS Housing & Services Oriented Residence Categories & Definitions Crosswalk			
Category	Definition	Types of Housing	Examples
Permanent Housing	<p>A housing setting located in the community of the individual's choice and may be scattered site or a single site housing complex. Services and supports are not mandatory. May have some expectations which is agreed to within the lease if included in the housing. Supports can be on-site or off-site depending on individual need and specific setting.</p> <p>Length of stay is determined by the lease and individual not a program.</p>	<u>Permanent Supportive Housing</u> Provides access both to affordable housing and to a flex ble and comprehensive array of supportive services designed to help tenants to achieve and sustain housing stability and to move toward recovery. Housing is covered by Ohio tenant landlord law. PSH is an evidence-based practice for people with mental illnesses and is typically defined by the following features: <ul style="list-style-type: none">• Tenant households execute leases (or sub-lease) agreements with the same rights and responsibilities as other households renting housing in the community;• Supportive services are readily available to tenants, are designed to promote housing stability and include access to crisis services 24 hours a day, seven days a week;• Supportive services are flexible and individualized, adjusted to meet the tenants' evolving needs and preferences;• On-going participation in supportive services is not required for tenants to retain their housing; and• Access to the housing opportunity and the services is not time-limited.	<ul style="list-style-type: none">• Private Apartments, House, Duplex, Condo• Home Ownership• Supportive Housing• Section 8 Voucher• Housing First
		<u>Recovery Residence</u> Housing for individuals recovering from alcoholism or drug addiction that provides an alcohol and drug-free environment, peer support, and assistance with obtaining services. Other services may include addiction recovery aids, employment assistance, room and board, and various levels of recovery based services. House rules and administrative rules apply. Treatment services are received off site and billed separately, if applicable. Agency- or owner-operated with various levels of staff. Resident's often live in a congregate setting. May have a standard tenant landlord lease or general lease agreement with program rules. Recovery Housing levels are defined by the following features: Level 1: Peer-run, democratically run; housing often provided in shared living environments such as single family residences; most often no paid positions to run the housing. Support services include self-help and drug screening, house meetings. Level 2: Monitored by one house manager who screens potential residents; shared living environment such as single family residences; structured. Support services include self-help and drug screenings, no clinical services provided in house. Referral linkages to community based services may be available.	<ul style="list-style-type: none">• Level 1 Recovery Residence• Level 2 Recovery Residence• Sober House• Oxford
		<u>Service Enriched Housing</u> A housing setting (service-enriched housing) in which a person living in an apartment or shared living setting where he/she entered into an agreement that is NOT covered by Ohio tenant landlord law. Housing is contingent upon adherence to rules or specific services. Financial sponsorship and/or provision of some degree of on-site supervision. Will be ADAMH/CMH/ADAS Board or provider owner owned and managed.	<ul style="list-style-type: none">• OhioMHAS Licensed Type 2 or Type 3• Adult Family Home• Adult Group Home• Next Step Housing
		<u>Group Home</u> A congregate living environment to provide supervised care to individuals 18 years or older. Licensed by the state, includes room and board and may or may not include personal care or mental health services. Reasons for this placement level of care are more environmental in nature than psychiatric. May provide supervision, social services and accommodations, but treatment services are provided separately and service intensity will vary from client to client. May or may not be a long term more permanent housing depending on level of care needed for consumer.	<ul style="list-style-type: none">• <u>Supervised Group Living</u>• Private Apartments, House, Duplex, Condo• Home Ownership• Supportive Housing• Section 8 Voucher• Housing First

OhioMHAS Housing & Services Oriented Residence Categories & Definitions Crosswalk			
Category	Definition	Types of Housing	Examples
Residential Care	<p>A congregate or shared living setting that includes room, board, and personal care as part of tenant rent. Depending on residents level of functioning and care needs, may have 24/7 staffing, and assistance with activities of daily living. Services are included and delivered as defined in license. A resident agreement that includes participation in services may be applicable. Residential Care is owned and operated by a private owner or provider agency.</p> <p>May or may not be a long term more permanent housing depending on level of care needed for the individual. This type of housing is licensed and is not subject to tenant landlord law but does require a resident agreement.</p>	<u>Residential Care Facilities (Health)</u> Licensed through the Ohio Department of Health — may or may not share a bedroom. Residential care facility” is a home that provides either of the following: (a) Accommodations for 17 or more unrelated individuals and supervision and personal care services for three or more of those individuals who are dependent on the services of others by reason of age or physical or mental impairment; mha.ohio.gov 2 OhioMHAS Housing Categories and Definitions — July 2014 (b) Accommodations for three or more unrelated individuals, supervision and personal care services for at least three of those individuals who are dependent on the services of others by reason of age or physical or mental impairment, and, to at least one of those individuals, supervision of special diets or application of dressings or provide for the administration of medication to residents to the extent authorized. Can be called Assisted Living.	<ul style="list-style-type: none">• Residential Care• Assisted Living• County Home• Group Home
		<u>Licensed ODODD Facility</u> Refers to any Ohio Department of Developmental Disabilities-licensed group home or community facility (that is not an ICF-IID) where supervision, services and/or accommodations are provided. Examples: Group home for persons with developmental disabilities; Residential facility for persons with developmental disabilities.	
		<u>Child Residential Care/Group Homes</u> A congregate living environment licensed by a county or state department to provide care to children or adolescents. Reasons for this placement level of care are more environmental in nature than psychiatric. Child Residential Care/Group Home may provide supervision, social services and accommodations, but treatment services are provided separately and service intensity will vary from client to client.	
		<u>Temporary</u> Acute non-hospital, time-limited residential program with an expected length of occupancy and goals to transition to permanent housing. Includes room and board with referral and access to treatment services that are billed separately.	
Time-Limited/Temporary	<p>A short term setting that can include room, board, and/or personal care and supports. A setting that provides support needed for an identified length of stay per the program or agreement. Intention is for residents to return to previous housing setting; to move into a more permanent housing setting or a break from current housing. Most often Treatment and/or services are part of facility rules. NOT intended as a permanent housing environment. This setting is not subject to tenant landlord law and would not meet Home and Community Based Settings</p>	<u>Transitional</u> Time-limited, usually connected to a program with a completion timeframe. Services and supports required as part of program. Stay is not Resident driven.	
		<u>Recovery Residence - Level 3 (IOP required)</u> Supervised, organizational hierarchy with administrative oversight; found in all types of residential settings staffed by a facility manager. Certified staff or case managers, support services include life skills development, emphasis on clinical services. Services provided through the program are limited.	<ul style="list-style-type: none">• Level 3 Recovery Residence
		<u>Recovery Residence - Level 3 (IOP NOT required)</u> Supervised, organizational hierarchy with administrative oversight; found in all types of residential settings staffed by a facility manager. Certified peer support, support services include life skills development emphasis on non-clinical supports that may include employments services, daily living skills, social supports. Robust non-clinical programming designed to enhance retention in clinical services (if applicable) and provide recovery supports.	<ul style="list-style-type: none">• Level 3 Recovery Residence
		<u>Crisis Care</u> Provision of short-term care to stabilize person experiencing a psychiatric emergency. Offered as an alternative to inpatient psychiatric unit. Staff 24 hours a day/seven days a week. Treatment services are billed separately.	
		<u>Respite Care</u> Short-term environment, it may or may not be 24-hour care. Reasons for this type of care are more environmental in nature. May provide supervision, services and accommodations. Treatment services are billed separately.	
		<u>Foster</u> Living situations in which the client resides with a non-related family or person in that person’s home for purpose of receiving care, supervision, assistance and accommodations. Treatment services are billed separately. Licensed through the state.	

OhioMHAS Housing & Services Oriented Residence Categories & Definitions Crosswalk			
Category	Definition	Types of Housing	Examples
Residential Treatment	A facility/program that is staffed 24 hours a day/seven days a week and provides room, board, personal care and clinical services on-site as part of the treatment stay. Admission to the facility/program is determined by clinical and medical need.	<u>OhioMHAS Type 1 Residential Facilities</u> Provides room, board, personal care and certified mental health services to one or more adults, children or adolescents. The facility is licensed and certified by OhioMHAS. Reasons for this level of care are psychiatric or behavioral in nature environmental. Not a long-term placement as clinical services are on-site. For the purposes of this crosswalk, only the associated room and board for residents is considered.	<ul style="list-style-type: none">OhioMHAS Type 1 Residential Facilities
		<u>OhioMHAS Certified SUD Residential Treatment Program</u> SUD residential treatment programs provide a structured environment for the delivery of SUD treatment. These programs operate 24 hours a day 7 days per week and 365 days per year and are staffed accordingly. SUD treatment is provided under program defined and developed policies and procedures and clinical protocols. For the purposes of this crosswalk, only the associated room and board for residents is considered.	<ul style="list-style-type: none">SUD Residential Treatment Programs
Housing Development	Housing and Residential activities performed by a Board or a Provider that enhances client services and supports within the community.		

OhioMHAS Prevention Services
Guidance Document
Office of Prevention & Wellness
August, 2016

Prevention in Ohio is grounded in the public health model, which focuses on improving the well-being of populations. Public health draws on a science base that is multi-disciplinary and engages the entire community through the social-ecological model. Prevention aims to reduce underlying risk factors that increase the likelihood of mental, emotional and behavioral health disorders (MEB) and simultaneously to promote protective factors to decrease MEB health disorders. MEB health disorders include but are not limited to: substance use disorders, mental illness, suicide, problem gambling, etc.

This document demonstrates the continuum of prevention based services for MEB health disorders and contains definitions and explanations of how the six prevention strategies can be used to support comprehensive prevention efforts. It also provides guidance for funding and includes a chart showing the prevention activities under each strategy, what funding source can be utilized for each service, and takes into consideration the requirements of different funding sources for prevention services. Ohio’s prevention system is fortunate to have several funding sources to provide prevention services; however, *it is imperative to keep in mind the selection of services provided and the funding source depends highly upon the population you are serving and the desired outcome.*

I. Definitions

Prevention

Prevention promotes the health and safety of individuals and communities. It focuses on reducing the likelihood of, delaying the onset of, or slowing the progression of or decreasing the severity of MEB health disorders.

Prevention services are a planned sequence of culturally appropriate, science-driven strategies intended to facilitate attitude and behavior change for individuals and communities. They can be direct or indirect.

- **Direct Services:** Interactive prevention interventions that require personal contact with small groups to influence *individual-level change (ie: classroom based program, parenting program, community training, etc.)*.
- **Indirect Services:** Population-based prevention interventions that require sharing resources and collaborating to contribute to *community-level change (ie: compliance checks, media campaigns, advocacy, etc.)*.

The term **primary prevention** is reserved for interventions designed to reduce the occurrence of new cases of MEB health disorders (IOM, 2009). Two criteria define primary prevention efforts:

- First, prevention strategies must be intentionally designed to reduce risk or promote health before the onset of a disorder.
- Second, strategies must be population-focused and targeted either to a universal population or to sub-groups with known vulnerabilities (selective and indicated populations) (IOM, 2009).

Primary prevention should include a variety of strategies that prioritize populations with different levels of risk. Specifically, prevention strategies can be classified using the Institute of Medicine Model of Universal, Selective, and Indicated, which classifies preventive interventions by priority population. The definitions for these population levels of risk are:

- **Universal:** “Targeted to the general public or a whole population group that has not been identified on the basis of individual risk. The intervention is desirable for everyone in that group” (IOM, 2009 p. xxix).
- **Selective:** “Targeted to individuals or to a subgroup of the population whose risk of developing mental, emotional or behavioral disorders is significantly higher than average. The risk may be imminent or it may be a lifetime risk. Risk groups may be identified on the basis of biological, psychological, or social risk factors that are known to be associated with the onset of a disorder. Those risk factors may be at the individual level for non-behavioral characteristics (e.g., biological characteristics such as low birth weight), at the family level (e.g., children with a family history of substance abuse but who do not have any history of use), or at the community/population level (e.g., schools or neighborhoods in high-poverty areas)” (IOM, 2009 p. xxviii).
- **Indicated:** “Targeted to high-risk individuals who are identified as having minimal but detectable signs or symptoms that foreshadow mental, emotional, or behavioral disorder, as well as biological markers that indicate a predisposition in a person for such a disorder but who does not meet diagnostic criteria at the time of the intervention” (IOM, 2009 p. xxvi).
